

TimberTech2 Acoustic Plus Underlay

Heavyweight natural rubber underlay with **outstanding noise reduction.**

■ **The sound of silence...**

TimberTech2 Acoustic Plus has an exceptional impact sound insulation level of 27dB - really bringing down noise levels in the room and making it a better place to be.

■ **Protects against moisture**

The gold vapour barrier stops your floor covering being damaged by moisture rising up from the sub-floor.

■ **Heavyweight champ**

The heavy mass stability of TimberTech2 Acoustic Plus means your floor's always fully supported, reducing the wear and tear to it, whatever a pounding it takes

The high tensile strength of TimberTech2 Acoustic Plus makes it suitable for any installation - including commercial use.

The extra thickness helps smooth out uneven subfloor areas, making the flooring last longer.

Being dust free, it's cleaner and easier to install, with less clearing up needed afterwards.

Try out our **Traffilay** system online at www.qaflooringsolutions.com or contact us on **0151 495 3434** for more information on any product.
